## *The Devon School*

*The school is just half a kilometre from the beach and the town centre*

*The Devon School* occupies two bright, spacious Victorian buildings with large private gardens in a quiet residential area of Paignton. Both buildings have been lovingly adapted for use as a school, and together provide what we feel is the ideal setting for learning English. Our two buildings are only 100 metres apart. Together they have 19 classrooms.

There are two student common rooms with a wide selection of daily newspapers, where students relax during breaks between lessons. There are 16 computers and free internet access via fast cable ADSL, and free wi-fi access throughout both buildings. We have two coffee bars and sun patios where students can sit outside and make the most of the wonderful climate the English Riviera has to offer.

We also offer a well-equipped self-access room if you wish to do further private study after classes, as well as a library stocked with books for all tastes. The school is just half a kilometre from the beach and the town centre. It is ideally placed for local shops, parks and sports facilities.

*The Devon School* is a family-run school where everybody is treated as an individual. Nowhere is this more true than when it comes to teaching. From the very start in 1972, the school quickly acquired an international reputation for the very highest standards in serious and stimulating tuition. The staff of qualified, professional teachers have been carefully selected for their ability to make the learning experience as effective and enjoyable as possible. English can be fun even if you are an adult! A flexible approach is the key to successful learning. Our methods incorporate the very best of communicative methodology, without neglecting a solid grammar base.

The emphasis during the lessons is on increasing fluency, accuracy and confidence when speaking and on improving and developing listening skills. Students acquire the vocabulary, expressions and strategies needed to cope effectively in the most important everyday situations. At higher levels, discussions and debates enable students to extend their insight into British culture and society. Reading skills are developed using a wide range of authentic texts. The writing syllabus, based on the classroom activities, provides the basis for homework and important consolidation.

Our methods incorporate the very best of communicative methodology, without neglecting a solid grammar base.

# Accommodation

## *Host Families*

During their course, most students prefer to stay with an English family so that they can get the greatest benefit from their stay in England. All our homestays are carefully selected by our accommodation team and then checked for comfort, friendliness and suitable study facilities. All of our host families are located within walking distance of the school, with a maximum distance of approximately 20 minutes. Students are placed in families using the information received on their enrolment form about special diets or preferences. You can choose full-board, where students have breakfast and dinner at home and are given a picnic lunch every day; or half-board with no weekday lunches. Students stay in single rooms. In the summer, students can also choose to share with another student of a different nationality/mother tongue, although single rooms are available on payment of a small supplement. All of our families offer a light laundry service. We will do everything to ensure that your stay with your host family is as pleasant and enjoyable as possible.

## *Hotels and Bed & Breakfast*

We run our own booking service for those who prefer to stay in hotel accommodation. A wide range of Bed and Breakfast accommodation is also available in the town. Brochures and prices are available on request.

## *Apartments*

It is also possible to rent holiday apartments. Once again we provide an information and reservation service. (Please note it is necessary to book well in advance).

Paignton enjoys a  
sub-tropical  
climate thanks to  
the Gulf Stream.

*The South-West of England* (Devon and Cornwall) is an area of outstanding natural beauty. The spectacular backdrop of rugged coastlines, wind-swept moorland and country villages, unchanged in centuries, has inspired novelists, artists and film-makers alike.

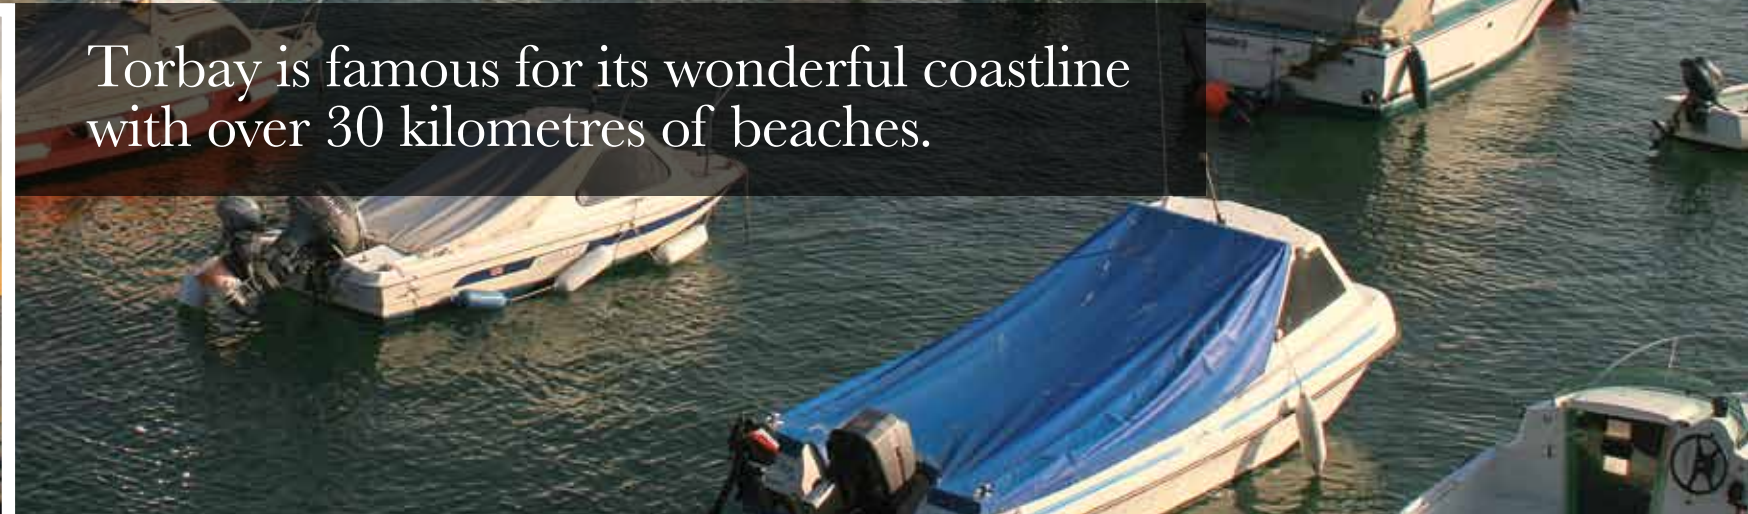

Paignton, in the county of Devon, offers a wonderful opportunity for study and relaxation. It is 350 kilometres from London and has a population of 48,000. It is a seaside town lying at the centre of a spectacular bay - Torbay - otherwise known as the English Riviera. It is one of England's most popular tourist destinations and attracts tourists from all over the world. Torbay is famous for its wonderful coastline with over 30 kilometres of beaches. Thanks to the Gulf Stream, it enjoys a sub-tropical climate and is one of the only places in England where palm trees and other exotic flowers flourish all year round. In fact, the English Riviera holds the record for the warmest and sunniest days in the United Kingdom. The area is a paradise for sports lovers, who can choose from riding, sailing, windsurfing, waterskiing, diving, swimming, tennis, squash, volleyball, football, golf, parascending - the list is endless!

Paignton has the main leisure centre of the bay, with a large swimming pool, sports halls, sauna, gym and squash courts. It also has many public tennis courts (both grass and hard courts). The area is renowned for water sports (such as sailing and windsurfing) and its magnificent coastal golf courses. In fact, we organize English packages for beginners and more advanced players alike. In addition, Paignton has a theatre and a 9-screen multiplex cinema. There is a spectacular water park and also England's third largest zoo. Torbay was the favourite holiday destination of Queen Victoria, Disraeli and Oscar Wilde. Paignton was home to Isaac Singer, the inventor of the sewing machine. Agatha Christie, the world-famous best-selling crime author, was also born and lived in Torbay.

*Paignton, Devon*

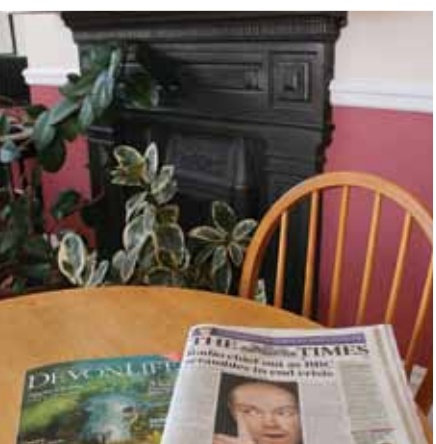

Torbay is famous for its wonderful coastline  
with over 30 kilometres of beaches.

We offer free internet and wireless networks to our students.

*The School organizes* an optional activity programme all year round for all our students. Leisure is an important part of learning, and Devon offers many exciting and rewarding possibilities. The trips and sports activities give you the chance to meet your fellow students and once again practise your English. Some of these activities are free of charge and we always try to keep the cost of others as low as possible. All of the trips are accompanied by School guides. Outside the summer, there are organized evening activities with a full-day trip at weekends and a half-day trip on Wednesday afternoons.

There are visits to cities of historic interest such as Exeter, to see the magnificent cathedral and old town, or Bath, with its marvellously preserved Roman Baths. There are lots of beautiful walks along the coast and inland. Our excursions explore the county's spectacular coastline and desolate and mysterious Dartmoor, setting of the famous Sherlock Holmes story - 'The Hound of the Baskervilles'. Other popular destinations are King Arthur's Castle at Tintagel; Dartmouth, with its famous Naval college; St Ives, the West Country's artistic centre, St Michael's Mount and The Eden Project.

Evening activities include summer barbecues and visits to our fascinating country pubs (some of which are over 800 years old). The School also organizes regular international parties throughout the year, where you have the chance to cook for your fellow students.

The content of these group courses depends to a large extent on the requests expressed in the needs analyses forms of the participants. A typical lesson mix would be: language lessons in the morning to develop the teachers' confidence in dealing with questions about English structure, phonology and use, followed by methodological sessions in the afternoon where different approaches, materials and teaching techniques are introduced and practised. Comenius grant funding may be available to some EU teachers for these courses. Please consult your National Agency for details.
