Background

The GCI Group is delighted to offer you and your clients our special offer for the Turkish market only. This offer is specifically designed for those Turkish students only who can avail of the **Pilot Student Visa Scheme** that has been introduced by the Irish Department of Justice in conjunction with Marketing English in Ireland (MEI). Since 2010 and the introduction of this new pilot programme, the number of applications for study visas from Turkey has doubled and the approval rate for Turkish students stands at 98%. Students can combine their long-term studies with the full experience of living and learning in an English speaking country.

The law in Ireland regarding these students is that (www.inis.gov.ie):

Visas under the Pilot scheme will be issued in Ankara in a matter of days

- Turkish nationals require a visa to come to Ireland. It is proposed however to continue to treat those students coming for less than 90 days on this programme as educational visitors.
- For students proposing to study in Ireland for a period in excess of 90 days it is not possible to deal with such students as a visitor. Therefore such students will be required to apply for a visa reflecting a period of residence in Ireland of over 90 days
- The issuance of this Pilot Student Visa Scheme is contingent on the fact that the student returns home to Turkey within 180 days.
- Students will need to produce necessary documentation including certification that they are a bone fide university student.
