Accommodation

Host Families play a very important part in the success of our students' stay. By sharing their lives and interests with their foreign guests, they provide students with the best opportunity to learn about British culture and to progress in English.

Your Host Family

- We visit our families and carefully select them for the comfort of their homes, their kindness and the quality of their welcome. Many of our families are personally known to our staff. Please write your accommodation requirements clearly on your enrolment form.
- Most families are within 30 minutes/2.8kms of the Globe. We will give you a free bus pass if you are further than 2.8kms. All families are on a bus route.
- Students of the same mother tongue are not placed with the same family unless they request to stay with a friend.
- Students have their own room with a writing table and are offered breakfast, packed lunch and evening meal. Cooked lunches can be heated up at school. Some students prefer to eat in local restaurants, but will be charged the normal rate.
- Families will offer to do some light laundry on a weekly basis.
- Executive families guarantee a higher standard of accommodation and welcome.
- Private bathrooms must be requested if required.
- Our families follow the English UK Code of Practice in accordance with the British Council and British Authorities recommendations.
- If a student has any difficulties or problems with their host family, we will do our best to improve the situation and will change the host family, if necessary.

Hotels

Popular with British tourists, Exeter and the surrounding countryside offer a wide range of hotels which we are happy to recommend and reserve for you. Good selection within 5 minutes' walk from school.

Private and Shared Apartments

The Globe has access to a number of self-catering apartments in the City centre as well as 7 apartments on the School campus. Some are shared apartments where each student has his own room, some are booked privately and suitable for families. All offer the basic comforts. Heating, electricity, linen and television are included. Free WiFi in all apartments.

Methodology and Teachers

Our adult programmes have a maximum of 6 students per class, ensuring that teachers give our students personal attention. Your individual language needs are always considered. You are able to decide on a study plan together with your teachers and the other students in the group.

Teachers

All our teachers are native speakers and trained in teaching English as a Foreign Language. Dynamic and approachable, they are expert in motivating students and identifying their needs. They generate interest in lessons with the latest teaching techniques perfected in our regular training sessions.

The First Day

On the first day of the course, all new students are given a language level test, an interview and placed in the appropriate class.

Testing is followed by a tour of the School facilities and Self-Study Centre and a presentation of the Social Programme.

Classes start after the testing except on Bank Holidays.

The Course Director meets all students at the end of their first week to see if they are satisfied with their class level, accommodation and programme in general. However, you are always welcome to approach any staff for help at any time.

Progress Testing

Students take a progress test on the first Monday of every month during class hours, followed by a tutorial with their class teacher to assess their English and to advise them on areas for further study. All students receive a written assessment of their progress at the end of their course.

Study Centre

Levels

We have courses at all levels, but on the very rare occasions when we have only one student at a particular level, we reserve the right to provide a reduced number of One-to-One lessons (75%).

Learning and Homework

Homework is set daily and we recommend you take advantage of our Self-Study Centre to consolidate the work done in the classroom and further improve your language skills.

To make as much progress as possible, we advise you to practise English both in and out of class, with other students, your host family and British people.

Examinations

We advise you on the best internationally recognised English examinations for your professional life, entrance to a British university or personal satisfaction. We help you with your application and teach you examination skills and strategies, so that you are as well prepared as possible.

Certificates

At the end of your course you receive a Globe English Centre Certificate of Attendance and a written report on your progress, to include an assessment of your abilities and advice on further study.

On the Main Programme you will develop your ability to communicate effectively in English. You will practise all four skills - listening, speaking, reading and writing - and expand your knowledge of vocabulary and grammar. We use a variety of the best textbooks and supplementary materials. Expected Progress On average students move up four Globe levels during an academic year. If a student comes to us as a 'Beginner' we would expect them to reach 'Upper-Intermediate' by the end of the year. However, this is only a guideline. Not all students progress at the same rate.

British Universities and Colleges usually require students to have the FCE or IELTS score 5.5 for admission on their Foundation Programmes. For Undergraduate and Postgraduate Programmes, students need to have the CAE or CPE, or IELTS 7.5 -9 depending on the course.

Intensive Courses – Teachers' Programmes

We run Junior courses throughout the year in liaison with non-native English teachers. At their request, we have designed very successful teachers' courses, using our experience in teaching English as a Foreign Language to school-age students. Teachers from all over the world take part in our courses.

Course Contents

Our courses for Primary, Secondary and Adult teachers include a Main Programme of language-based lessons and a Methodology Programme of up-to-date teaching skills such as using authentic materials, technology, communicative activities or teaching large classes, etc...

We can also design a course to suit the specific requirements of three or more teachers. Programme content can include general methodology or specialised areas such as business English, literature or CLIL (Content and Language Integrated Studies). This is particularly useful for colleagues from the same establishment, who can implement and feedback on new techniques on their return to work.

Class observations

We give you the opportunity to observe our teaching methods in our Junior School. During term time, we can organise visits to State and Private Schools in the area. You should apply for such visits when booking your course.

Information File

You are provided with a useful file of information and materials to take home to help you put into practice all your new skills and ideas.

Grants

We are on the register of education providers for the European Commission and you may be able to attend our Teacher Refresher courses all expenses paid by applying for a Comenius or Grundtvig grant. Please contact us for further information.
