THE ENGLISH STUDIO

LANGUAGE SCHOOL

Here at English Studio we pride ourselves on the ability to offer the highest quality courses delivering the best possible value whilst teaching in the most exciting destinations.

More than 25 years of experience has taught us that for our students it's not about the destination, it's about the culture, the journey and the experience. We focus on those three key areas to ensure our students not only receive the best possible service but also achieve and in most cases surpass their academic goals in a fun and progressive environment.

Our schools were founded and thrive on a diverse mix of international students that fill our classrooms and social events. It's you, as a student in your thousand's that allow us to drive down price whilst building and developing a global network of friends and English Studio family. Enrolling at one of our schools isn't just a study abroad programme, it's an open door to endless opportunities academically, professionally and socially.

As a perspective student your journey starts right here in the pages of our brochure. This is the first step into English Studio culture and the start of experiences that will shape your future. Come and join our community, we're looking forward to seeing you soon!

Eddie O'Loughlin, Managing Director.

Hello Meet the Team

Like Eddie said at the beginning, we believe it's not about the destination but the journey. That's why we thought it would be fun to let you know a little about our journey to English Studio and what better place to start than with a picture of us at the start of ours.

 School locations

Our lively Dublin school couldn't be better placed in the centre of Ireland's most iconic city. At just 40 minutes' travel time from the airport our students quickly feel at home in English Studio Dublin.

DUBLIN

Our London School is in the heart of the city within easy reach of all major airports and St. Pancras International for our European neighbours. This famous capital offers students the unique opportunity to live like a Londoner as they quickly become accustomed to bustling city life.

  Multi-centre stays

Students at English Studio have been calling London or Dublin their home for many years. We know from experience that often the hardest part of booking with us is deciding in which school to take your course. This year, to make the process a little easier we've decided you shouldn't have to choose one or the other, you can come and study in both schools through our Multi-centre stay programme!

Multi-centre stays offer students the unique opportunity to develop their English language skills in 2 cities. We are able to take care of everything to ensure the transition between centres is as smooth as possible.

Our student services team will organise flights and local transfers between centres whilst also being on hand to book accommodation upon request. Furthermore they will ensure a quick integration into the arrival school and provide information on the local area, social activities and events.

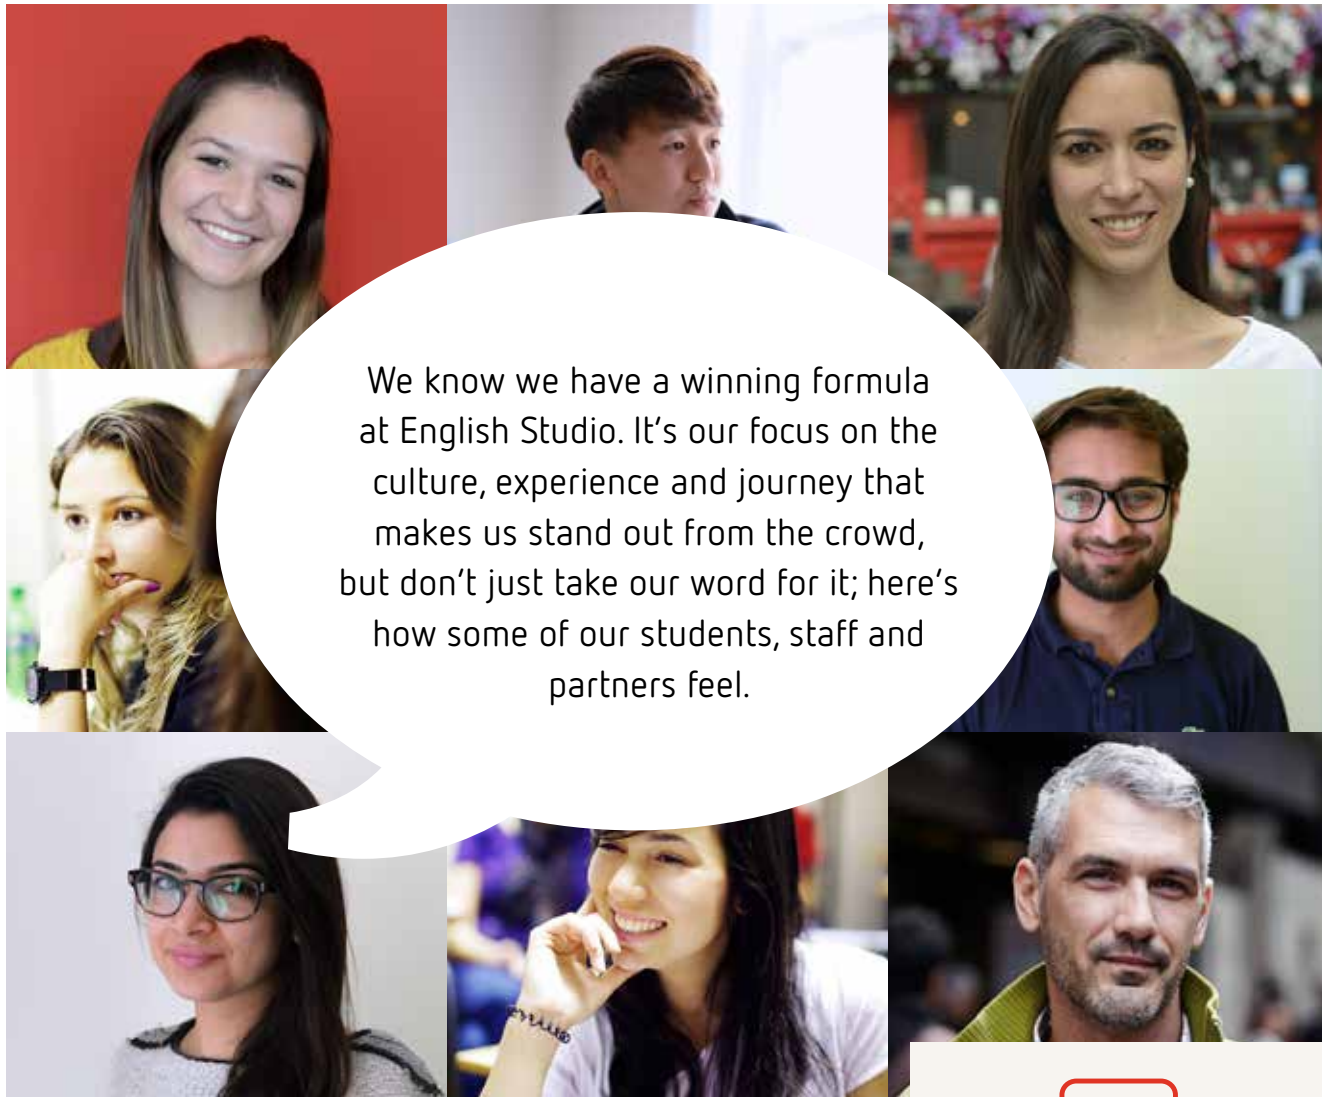

Our academic team will share progress reports to inform receiving teachers of current level and development path. Any level tests or exam results will also be provided to ensure transferring students have a seamless experience.

The only requirement is that a minimum of 2 weeks is spent in each school. Multi-centre stays can be booked prior to arrival or once in school, depending on visa regulations.

**£100 / €120
for flights and transfers***

*Flights subject to availability at the time of booking and transfers provided by local transport.

We know we have a winning formula at English Studio. It's our focus on the culture, experience and journey that makes us stand out from the crowd, but don't just take our word for it; here's how some of our students, staff and partners feel.

What our partners say;

Working in an international environment really is fantastic, and as we welcomed 83 different nationalities to the school last year, **there's no better place than English Studio!**”
ALESSANDRO FILIZZOLA, SALES EXECUTIVE | LONDON

“I've been working for English Studio Dublin for nearly two years — almost as long as I've been teaching! The support and guidance I've received since I joined the English Studio team has not only helped me **improve my teaching**, but it has given me the opportunity to excel in ways I didn't think possible.
The best part about working here? The students I meet and teach every day - they're the reason I'm here!”
AILEEN DONEG, TEACHER | DUBLIN

And finally, what our students say;

“I would like to congratulate the excellent professionals at the English Studio reception. Everyone was very supportive and helped me with anything I needed to live in London. I enjoyed afternoons on the social programme and all the FREE museums and galleries close to the school.”
YERNAR RUSTEM, STUDENT | KAZAKHSTAN

“The teachers are great, they have excellent humour and make the classes very funny. They were also very patient and careful on my first days — always explaining in detail the topics and grammar.

The experience

FREE clubs

Additional FREE clubs are a great way to build on the learning experiences, so everyone's invited to come and join us at any of these three popular sessions.

ALL CLUBS ARE;
 1 hour sessions
 Every week
 Available in London and Dublin
 Absolutely FREE

Interview Techniques Master class

The intention of this club is to improve verbal language skills and turn them into speaking tools to impress any recruiter looking for talent.

We focus on all techniques; from traditional to situational interviews working on both fluency and accurate language production to enhance success. A core club focus will be developing the ability to explain existing skills, qualities and experience in a high-pressure environment.

Pronunciation Workshop

Introducing great ways to grow confidence speaking English, soften the accent, speak more clearly and be easily understood.

This club will help develop listening skills and fine tune a more effective communicator.

We will cover the individual sounds of English and the other features of pronunciation, such as intonation and sentence stress.

CV Clinic

Designed to provide writing tools to be confident in producing and editing a CV.

We look at which style of CV best fits each student's professional profile. How to decode jobs adverts and match the student's CV to the employer's requirements.

The successful use of language that will persuade and convince employers they are looking at the right candidate for the job.

The culture

Year after year our students tell us some of the most memorable moments are immersion into our culture. Long may this continue, which is why we're launching English Studio LIVE!

Running throughout 2018 we are asking our teachers to nominate students on a monthly basis who they feel are the hardest working, most improved or have achieved outstanding results in the classroom.

To recognise those achievements each student will be put into a draw to win 2 tickets to a LIVE event in London or Dublin. A Premiership football game, music event at Wembley Stadium, or maybe a blockbuster musical, it's all to play for study for with English Studio LIVE.

FREE CAKE FRIDAY

Did you know that according to an old English superstition, putting a fruit cake under your pillow would make you dream about the person you will marry?

We don't recommend you try that but we do recommend students join us for FREE cake Friday! Here at English Studio we love cake quite simply because cake gets people talking.

That's why we deliver it to the classroom every Friday, to celebrate another great day at school...and of course the weekend.

Student welfare

Our schools have nominated welfare and safeguarding team members on hand to support every student.

We want to ensure our students feel at home and comfortable while in London or Dublin as quickly as possible; that way they can make the most of their experience with us right from day one. The English Studio team can help with practical information such as finding a doctor, or dentist in the event of illness or giving advice on local banking or travel.

Learning and disability support is on-hand as well as multilingual pastoral care via our unique English Studio Connect programme for which further details can be found online. Student wellbeing is vital to each and every member of our team because when you choose English Studio you become part of our community.

Homestays London

Homestay is the perfect choice for students who want to fast-track their language learning in an immersive environment. Living with local hosts means experiencing first hand British culture and way of living seeing London as Londoners see it every day.

Working with British Council registered partners we have placed thousands of students with hosts all over the city. Hosts are recruited, trained and supported by our highly-trusted partners to ensure excellent service levels are delivered to each and every student.

Our network of hosts are located in London zones 2 to 5, and where you are located is entirely your choice! We will be there each step of the way to offer guidance in making the right decision. Students are able to choose the right combination of services to best fit their needs — offering self-catering through to half-board meal plans and either single or twin rooms.

Our portfolio of hosts reflects the rich culture, ethnicity and diversity of this great city. English Studio students have the opportunity to experience how Londoners live in this city day-in and day-out as they too will be one of the locals.

Raleigh House, student residence — London

We understand that student needs vary when making accommodation choices in a new city. For students who like a little more independence, our exclusive residence proves a popular choice.

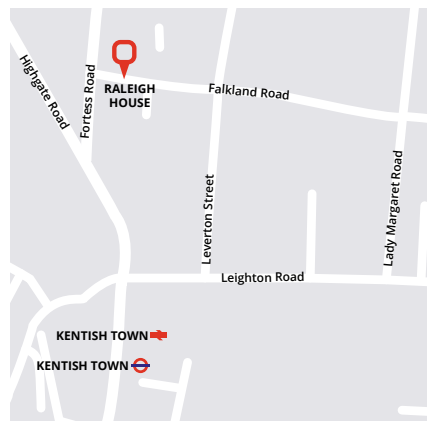

Raleigh House is the perfect choice for students looking for more freedom. To have fun living with other English Studio students; great nights in the communal kitchen — cooking cuisine from all over the world, talking about some of the fantastic experiences in London, Raleigh House offers a great community atmosphere from the moment you arrive.

It's all about location and students are never disappointed with this great spot in Kentish Town, zone 2. Travel to school in around 20 minutes, spend weekends a short walk up the road in Camden Town or grab something to eat from a local deli to take up to

Hampstead Heath for a picnic in the summer.

In a British home all the best conversations happen in the kitchen and Raleigh House is no exception. Here our large communal kitchen acts as a great facility with private dry and refrigerated storage options for student groceries. Leading from the kitchen are 15 twin and single rooms with private or shared bathroom options available. The fact that WiFi and bed linen are included with no extra bills makes this the smart option for the more discerning student.

Book Raleigh House early as spaces are limited.

Student residence — Dublin

We are very excited to announce our new student residence exclusive to English Studio students! Located in a fantastic area of Dublin, just moments away from St Stephens Green, and a mere 20 minute walk from the school.

Living in such a central location allows most attractions, amenities, and facilities to be accessed by foot. Offering social living arrangements, students quickly become part of the school community, meeting new friends right from the word go.

Student residence benefits from WiFi connection, laundry facilities, fully equipped kitchen, and bed linen all included. Students are typically accommodated in rooms of 4, and all bills are included. All student residence rooms are on a self-catering basis, with ample kitchen storage space for weekly groceries.

Common areas of the residence provide a great relaxing environment for students to unwind after a day at school, talk with newfound friends and share experiences of time in Dublin. Suitable table space for self-study is also available, making this an all-round great option for central Dublin living.

Homestays Dublin

The home is where the heart is, and we like to think our homestay hosts in Dublin offer a home away from home experience for our students.

We know because we recruit and select them ourselves! Our Accommodation Manager carefully hand picks suitable host families, offering support and guidance to help them care for each and every student.

Homestay is a great choice for those who want to improve their English language quickly. Students enjoy breakfast with their host(s) at the start of the day, and a home cooked meal will be waiting upon return from school all of which contributes to a highly communicative environment. English Studio host families are also our extended team of local experts; our students often comment on great recommendations they've received from hosts, and how they have contributed positively to a great overall experience.

Houseshare Dublin

For anyone wishing to share accommodation with other students, look no further than our house share! A great standard of accommodation for short or long-stay students looking for comfort, independence, and a social style of living.

House shares are located within easy reach of the school on local bus services, Dart or Luas. Each house normally accommodates between 5 to 12 people sharing facilities such as bathrooms, a common dining room, lounge with television, a fully equipped kitchen, and — in some cases — a patio garden.

Single, double, or twin shared rooms are available, offering a suitable solution for any student. Bed linen is supplied, and communal areas are cleaned on a weekly basis. House share remains one of the most popular choices for our students and as such, book up very quickly. Specific location details are confirmed one to two weeks prior to the student's arrival.

I am very thankful for the opportunity and very much appreciate everyone's help and support during the time of the placement. There is nothing else I could have asked for... It is exactly what I wanted and needed.
