# MANCHESTER

A city that eats, sleeps, and breathes football

When you think of Manchester, football is sure to spring to mind: it has two top European teams, United and City. Manchester is also the birthplace of the Industrial Revolution, and more recently the home of some of the UK's most successful musicians. It's also right

on the doorstep of the Peak District National Park and the Pennine mountain range.

TLG Manchester is in the heart of the city, with great shopping, theatres, museums, and nightlife nearby.

It's also close to the transport links for the famous football stadiums, so we regularly organise trips to the grounds. We even offer a sports elective (see page 33) to help you live the football life – but it's up to you if you're a United or City fan.

# ACADEMIC EXCELLENCE

## ASSESSMENT AND PROGRESS\*

With The Language Gallery you'll always know how you're progressing. You start your lessons on your day of arrival so there are no delays to your learning.

Weekly assessments and meetings (tutorials) with your teacher will help you focus on what you do well and what you need to improve.

If you and your teacher feel you are ready to move to the next level of study, you can take the level test at any time – and if you score 80% or higher, you can move to the next level the following week.

*\*Some processes will differ on the University Pathway Programme and in some centres.*

## TEAM TEACHING\*

You will always have more than one teacher at The Language Gallery. We use 'team teaching', which means that your main class will be shared by two teachers.

This will help expose you to different learning styles, accents, and dialects. It also means you'll get advice and support from more than one person.

*\*Some processes will differ on the University Pathway Programme and in some centres.*

## MENTORING

If you're staying with us for twelve weeks or more, or just need some extra help, you'll be put on our mentoring programme to help keep you focused.

You'll have regular meetings with a mentor to discuss your studies, progress, life in the host country, and your goals. This will make sure you progress in the direction you want.

## SMART LEARNING\*

If you want to get the best out of your stay with us, join our SMART Learning programme. This will add to your lessons with fun activities and trips, all connected to what you learn in the classroom. You will make new friends and see lots of your city.

*\*Available to peak students only and dependent on location. Read more on page 22.*

## A GALLERY OF LANGUAGES

Don't forget, we are The Language Gallery! All of our centres offer multiple languages, especially as evening courses. You might need English or German for Work, but if you want to add a Spanish evening course, we can offer that too.

# EVENING COURSES

Not everyone has the time (or inclination) to study during the day, so our evening courses are the perfect alternative.

Our range of courses cover a variety of topics and start at times which suit your schedule.

Whether you want to brush up your skills, learn a brand new language, or improve your communication skills for work, we've got you covered.

## MODERN FOREIGN LANGUAGES

We offer a 'gallery' of different languages in different centres, and our communicative methods make sure that you are constantly using the language while having fun.

Our most popular courses are German, Spanish and French, but if you're interested in something else (such as Portuguese, Mandarin, or Arabic), check out our website to see if we're running a course near you.

## ENGLISH FOR WORK

This course is designed for non-native speakers having to use English in their work environment.

We do an in-depth analysis of your needs before you start, making sure that the course is tailored to your needs and that you can get the best out of it.

## WORK AND IMMIGRATION

### • UK

As a Trinity approved SELT (Secure English Language Test) course provider, we offer a Trinity GC exam preparation course.

This exam is recognised by United Kingdom Visas and Immigration (UKVI) and may be demanded as part of UK visa and immigration applications – so if you want to move to the UK, this may be the course for you.

### • CANADA

The Canadian English Language Proficiency Index Program (CELPIP) is an English language test accepted by Immigration, Refugees and Citizenship Canada (IRCC). It is proof of English language proficiency for those applying for permanent residency in Canada.

Our Canadian schools offer an evening preparation course for this exam.

# ACCOMMODATION

We want to make sure that you have a good experience in your home away from home. Each city offers its own accommodation options to meet your comfort and budget needs.

These options include:

## HALLS OF RESIDENCE

Our halls of residence offer a range of rooms and prices to suit your budget. Conveniently located and home to students from all over the world, living in halls is your chance to live independently with other international students and enjoy the city you're studying in.

## HOMESTAY

As our schools are located in multi-cultural cities, you can take the opportunity to stay with families from different backgrounds. Here you will be immersed in local culture and language by living in a domestic environment.

## HOUSE SHARE

Share self-catered accommodation with students or young professionals from around the globe. We'll arrange the ideal flat share, meeting your budget and location needs.
