## Welcome to the University of Florida English Language Institute!

Established in 1954, the University of Florida (UF) English Language Institute (ELI) is one of the oldest university intensive English programs in the US. The ELI is accredited through CEA, the Commission on English Language Program Accreditation, and UF is accredited through SACS, the Southern Association of Colleges and Schools. The ELI's primary mission is to prepare international students for study at the graduate or undergraduate level in the US, although professionals who wish to improve their level of English proficiency, as well as others interested in short-term language study, are also accepted. Graduate students may

apply for conditional admission to the University of Florida, where completion of the ELI is accepted in lieu of the TOEFL. ELI students take 23 hours of classes weekly and participate in daily cultural activities, excursions every Saturday, a conversation partner program and a volunteer program. Classes are small, with a maximum of 15 students. The UF ELI provides student life, immigration, and academic advising, assistance in housing, and a 24-hour emergency contact faculty member. You'll find more information about all of these things in this brochure. Welcome to the Gator Nation!

### The University of Florida

#### *UF Rankings*

UF is ranked within the top 100 universities world-wide and was ranked among the top 20 research universities in the US.

#### *UF Research*

UF has more than 150 research centers and institutes, including the McKnight Brain Institute and the Emerging Pathogens Institute. UF is a leader in research and discoveries.

#### *UF Athletics*

The Florida athletic program has won 22 national athletic team titles since 1992. In 2012-2013, the Gators had 12 athletic teams rank in the top 10 nationally. The University of Florida is the only program in the US to finish among the nation's top 10 in each of the last 30 national all-sports standings. In the 2012 Summer Olympics, 35 Gator athletes and three UF coaches represented 17 countries and earned 18 Olympic medals.

# Welcome to the English Language Institute!

## Mission

Our primary mission is to prepare international students for study at the graduate or undergraduate level in the US. Students are taught to write academic papers, read university-level research articles, speak more fluently, and function knowledgeably in North American culture.

## Classes

Full-time students at the ELI take 23 hours of intensive English classes per week.

| Class              | Hours per week |
|--------------------|----------------|
| Reading/Writing    | 10             |
| Listening/Speaking | 8              |
| Grammar            | 5              |

## Levels

Students are tested upon arrival and placed into one of 6 levels for each of their 3 classes (reading/writing, listening/speaking, and grammar). The levels range from 10 (beginning) to 60 (advanced). In half-semester B terms, two levels may be combined into a single class, depending upon enrollment.

## Cultural Immersion Program

A very special feature at the ELI is our Cultural Immersion Program (CIP). The CIP organizes extra-curricular activities and provides daily afternoon and weekend trips. With Florida's ideal weather, our students enjoy picnics, canoeing, swimming, beaches, Walt Disney World, Universal Studios, Busch Gardens, Kennedy Space Center, and historical St. Augustine. Also, the CIP provides Language Assistants who teach informal American English slang, music, and conversation as part of Listening and Speaking.

All activities are directed by Mr. Nate Bloemke, the CIP Coordinator. The CIP is an integral part of the program and focuses on providing opportunities for oral practice outside the classroom.
