"Going to ELS was the best decision I could have ever made. I studied at ELS/Boston – Downtown for seven months, and it was just amazing. It wasn't easy for me to start a new life far away from my home, but ELS helped me and made it easy for me. I was 17 years old when I arrived alone to Boston, and now I'm leaving with many friends around the world. I completed my English course successfully with the help of my excellent teachers, my kind classmates, and all the ELS staff who helped me improve my English every day. ELS not only taught me English, but also gave me the opportunity to join and enjoy the different activities and trips that they organized for us. I'm in love with this spectacular city. Boston is my second home, and I'm never going to forget it. I really enjoyed every single day of this experience. Thank you to everyone who made it possible."

– Valeria, Venezuela

"ELS Cincinnati is like a big family. Teachers and advisors really care about every student; not only for the English learning, but to help students to adapt to the new culture and new life at the UC campus. It is a perfect place with perfect teachers and advisors for me to learn English. I will start my master's degree at a U.S. university this year, and I feel ELS Cincinnati has helped me to be prepared for it."

– Wei-Chieh, Taiwan

Our Students Say It Best: ELS Works

"I chose ELS because it has prestige all over the world. The best part is the opportunity to meet different people from all over the world and practice my English with them. ELS Chicago gives me different skills and knowledge to communicate in the best way for my job at an international company."

– Cesar, Colombia

"Thanks to ELS Berkeley, my English has dramatically improved for six months. ELS is, however, not just the place where we learn English. The greatest thing which I have experienced in ELS Berkeley is the importance of understanding differences. It is not only the differences between cultures but also in each person. The ability to communicate in a common language which we learn is power to understand this difference respectfully. Language is power. Language is love."

– Go, Japan

FIND YOUR HOME AWAY FROM HOME

Your ELS Center is a warm and inviting environment where you will learn English and so much more.

The goal of the ELS staff is simple: to make sure your experience is the best it can be. The staff at your ELS Center is there to help you adjust to your new surroundings. You will experience new cultures both in the classroom and outside of it.

ELS Housing Options

ELS understands that each student has his or her own preferences when it comes to living accommodations, so we offer several options to make sure that you feel comfortable and at home.

Student Residence

Many ELS locations based on university campuses offer living options on campus near the ELS Center. This type of residence makes it easy for you to be social with your fellow students and to fully experience campus life.

Interacting with domestic students and other international students gives you the chance to practice your English skills while being social and having a great time. You will share your customs and culture while learning about those of others.

Homestays

Every ELS Center offers homestay accommodations with an English-speaking host family. ELS selects host families very carefully so that each student has a safe and comfortable experience in a “home away from home.” Students have reported that living with English-speaking host families has helped them learn English more quickly while getting direct exposure to the customs and culture.

You may develop a special connection with your host family that can last a lifetime.

Apartment Housing

If you prefer a more independent lifestyle, you may choose to live in an apartment near your ELS Center. Apartment costs and conditions can vary depending on location.

Some ELS locations have special relationships with local apartment providers that welcome ELS students, families, married couples, or executive clients.

Contact your local ELS authorized Counselor at [ELS.edu/HowToApply](https://els.edu/HowToApply) for more information on ELS housing options.
