# AWARDS

## A Welcome Message From CLLC's Chairman:

It is my high privilege and the most rewarding experience to be the chairman of CLLC, and be associated with international language education - one of the greatest peace-makers in human history.

While CLLC is proud of the awards it's received over the years, our ultimate recognition is the fact that CLLC is the only school in the world that created an Award.

The Canadian Premier International Education Awards (CPIEAs) are the first of their kind in the world. Having started an industry-wide revolution in 2012, the CPIEAs today continue their mission of recognizing the people who make education their mission.

I thank you for the good time experience in learning the english language at CLLC school. in this time of global pandemic, keeping a company open with on line service is challenging , but the record was excellent. I stayed 9 weeks in contact with teachers and students from different countries exercising communication with a good teaching and weekly tests that strengthened the student's interest. the homework material available on line and very competent administrative support taking our doubts.

CLLC was like a family to me, its teachers and staff, the high level of customer service and methodology are the perfect combination to offer an ideal learning environment, both in person and online. In my 7 month at CLLC, I was able to improve my English skills and I am very grateful that CLLC supported me in my learning process.
