ENGLISH AND FRENCH COURSES

Most students choose general English or French study and then pick and choose from our variety of elective courses to build their own unique schedule. This option allows you to build fundamental language skills by choosing Foundation, Communication or English for Academic Purposes courses, or to focus on unique language learning topics in our Business or Creative and Cultural Language courses.

HOW IT WORKS

1 Choose your schedule & decide how many weeks you want to study

ILSC schedules typically include 1, 2 or 3 different courses per day. The more courses you take, the quicker you will progress.

➔ Check out a variety of schedules on pages 8–9

2 Choose your courses on your first day

Find out which courses are running on your first day and choose the ones that interest you. ILSC offers courses in areas like Communication, Business English or French, Academic and Test Preparation, and Creative and Cultural Language.

➔ Learn more about our diverse course offerings on pages 10–12

3 Choose new courses every session

At ILSC, a new session starts every 4 weeks. Choose new courses, or continue taking the ones you love at a higher level.

LANGUAGE PROGRAMS

Some students are looking to achieve a defined goal and prefer to take one of our preset Language Programs. Programs are packages of specific courses that allow you to learn with other students who share the same goal as you. You can trust ILSC's curriculum experts to design programs that will help you achieve success.

Do you want to transfer into a Canadian, American or Australian University, college or TAFE? Gain specific business language skills? Target a language test score like IELTS, TOEFL, Cambridge and more? Or practise your language skills with locals? We're sure to have a program option that fits you!
